

**Meeting the needs of
families and children**

Introduction

Alpha childcare is passionate about child development and its different stages. We thrive on seeing children grow and develop their skills for the future.

There is a saying that “it takes a village to raise a child” and we see it as a privilege to be a part of your child’s life and nurturing the next generation.

Alpha childcare offers a high standard of care for children between 3 months to 12 years.

We aim to provide top quality, professional and affordable child care in our purpose designed facility with first class resources and highly qualified and experienced staff. Our staff will continually update their qualifications so as to keep up to date with current changes in Government Legislation.

A police check is carried out on all staff on their enrolment and is kept updated. The staff ratio is abided by the guidelines set to us by OFSTED.

We offer year round provision and a flexible schedule to meet your child’s needs. You will need to complete both the registration and contract form before we can allocate a place.
